The Hague, July 13.—According to the Lokal Anzeiger of Berlin, the Austro-Hungarian government has sent a communication to Berlin requesting that Dr. Von Bethmann-Holweg be retained as imperial chancellor.

(International News Service.)

Amsterdam, July 13.—The imperial chancellorship of Germany has been offered to Count Von Hertling, the Bavarian premier, who refused it, according to a message from Berlin today.

Count Von Hertling pleaded advanced age and ill health as reasons why he should not accept.

PLAN INTERURBAN FROM HUNTSVILLE TO FLORENCE ALA.

Florence, Ala., July 13.—Engineering and constructive work on the interurban line of railway from Florence to Huntsville, with a branch line leading from the main line to Lexington, the length being 64 miles on the main line and 12 miles on the branch, will be started next week, the engineers to stake out and locate the road bed under the supervision of Mike Wilkins of Indianapolis, who represents the Central Construction Company of that city. Mr. Wilkins came to Florence a few days ago, and will reside here and also bring his entire office force with him. He is well known to contractors, being at the head of one of the largest construction companies in the country. Actual construction work will begin on the first of September, and the contract stipulates that it shall be completed and ready for operation by October, 1919.

This interurban line will represent an expenditure of \$1,750,000, and there is said to be more than sufficient capital backing this company, so there need be no doubts entertained as to the ultimate result of the undertaking.

GORE FOOD CONTROL BILL IS POPULAR

CUTS OUT WHISKEY AND CONTROLS ONLY WHEAT AND COAL.

(International News Service.)

Washington, July 13.—The president had before him today three plans now before the senate to save the food control bill: 1.—The house bill, controlling only food and fuel and containing no prohibition. 2.—The senate agriculture committee's bill controlling food, fuel, steel, copper, lumber, cotton, wool and various other necessities, with whiskey prohibition only. 3.—The Gore substitute confining the control list to wheat and coal, and containing whiskey prohibition with authority for the president to stop beer and wine making.

Sentiment in favor of the Gore substitute is growing. The prohibition situation faced a new complication, as the result of Senator Shepherd's declaration that he will try to force consideration of his resolution proposing an amendment to the federal constitution to make the nation entirely dry.

FINAL DRIVE ON FOR SIX HUNDRED; "Y" CAMPAIGN TO CLOSE SATURDAY

FOUR HUNDRED NEW MEMBERS ENROLLED IN PAST FOUR DAYS AND SLEDDING IS NOW MUCH TOUGHER.

JACK WALSH IS LEADING

PAINT SHOP HAS BEST PERCENTAGE OF ANY DEPARTMENT OF THE L. & N. SHOPS. SOME ARGUMENTS THAT ARE ADVANCED BY WORKERS.

There is a big drive on today to insure the final two hundred necessary to make it 600 members for the "Y" in six days. By making certain leaders "fess up" and "give up" names being held back for surprise or other purposes, the fourth day of the campaign registers an even four hundred. At 3 o'clock yesterday, before the confessions and the final report of Major Bassett, the shops had totaled but 380 new members and the mercury so recorded, but returns last night of final results made it even four hundred. Today and Saturday thus have no undue burden upon them, though the committee workers, by their "close call" of yesterday are being put on their metal. "Who's Who" in the final wind up is still problematical. F. M. Schiller advanced several numbers along the honor roll yesterday and came in one of overhauling the redoubtable Jack Walsh, who is still the leader. B. D. Bassham ran next to Schiller, and it is whispered that "Blondie" was holding back a big surprise for Friday and Saturday.

Rivalry Among Departments.
The display of L. W. Lee, head of the painting department, as shown yesterday, has aroused a wholesome rivalry as to who of the foremen shall get the highest per cent of his men safely into the "Y."

Jack Jenkins of the blacksmith and forge shops, has exercised his "inalienable rights" as an American citizen, and has volunteered his services to help uphold the "honor" of his departments. And though at the close yesterday "Jack's" two shops did not stand the highest as the appended table shows, by Saturday night the world is liable to be turned upside down in order to get it right side up.

The argument that is leading with the workers when they approach a man, especially if he has "reached the years of accountability" is this: "The 'Y' cannot exist on the five dollars paid in yearly by just those who use its privileges even after the railroad's appropriation is added; therefore, if you want it open winter and summer, and three hundred and sixty-five days and nights in the year, it is up to you to help."

Merits Are Admitted.

The merits of the "Y" are little discussed, as all are aware that it stands for and works for the physical, mental, moral and spiritual betterment of all the boys and men of the community. If a man says: "In my home I duplicate all the advantages offered at the 'Y.' What do I need with it?" The whole raft of altruistic arguments known to enlightened men are turned loose on the defenseless suspect, with the result that he generally surrenders.

The attitude of the L. & N. railroad is stated fairly and frankly in about these words: "The L. & N. knows that as a man spends his leisure time it determines largely what kind of a day's work he is apt to do, hence the railroad is promoting an institution that is seeking to take care of the leisure end of a man's life. Besides, it is known that a moral, a thinking and the right kind of a religious man is dependable, and as this quality is so essential in railroaders the owners of the road are willing to put out a little money for the Y. M. C. A., and on this ground and this alone, the co-operation of its employees is welcomed by the railroad."

KRECHOVICE, IMPORTANT RAILROAD POINT, SURRENDERS TO THE TROOPS OF THE NEW REPUBLIC.

ARE ASTRIDE THE RAILWAY

CROWN PRINCE'S ARMY MADE STRONG ATTACKS ALONG THE VERDUN FRONT, BUT WERE REPULSED BY FRENCH.

(International News Service.)

Petrograd, July 13.—The Russians swept forward to fresh successes today, extending their offensive to new sectors. That section of General Kornilov's army which stormed Kalusz, is reported to have occupied Krechovice on the railway leading to Dolina. The Russians are now astride the railway leading from Stanislaw to Stryl. This latter town is another of the key positions defending Lemberg on the south.

Toward the Carpathian foothills the Russian advance has slowed down, owing to the difficult nature of the ground.

(International News Service.)

Paris, July 13.—The German army of the Crown Prince made a number of strong attacks on the Verduin front during the night. Heavy fighting centered around Hill 304 and Bidon wood. There were big gun duels in the sector of St. Quentin and along the Meuse river.

PATROLMAN KILLS CHIEF; DAUGHTER IS CAUSE.

Greenville, Miss., July 13.—Chief of Police William A. Chipman was shot and killed this morning by Wallace Mullens, a patrolman on the city police force.

Mullens stated that the killing had nothing to do with police matters, but was of a domestic nature, and then gave his reason for the shooting in these words:

"I shot Chipman three times and killed him because for more than two months he had been attempting to dislocate a member of my family, my 13-year-old daughter, and there he stopped."

BIRMINGHAM JOINS IN FIGHT AGAINST MUSCLE SHOALS; TO RAISE BIG FUND

MAGIC CITY, AFTER GIVING CHARINGLY TO THE SHOALS, WILL LOOSEN UP WITH TEN THOUSAND TO AID BLACK WARRIOR.

LOCATION IS "UP IN AIR"

MYSTERY SURROUNDING INITIAL REPORT HAS DEEPENED, AND NO EXPLANATION OF WHAT HAS HAPPENED IN REGARD TO RECOMMENDATIONS OF BOARD.

Birmingham, after charingly contributing a meagre sum to aid in the location of the nitrate plant at Muscle Shoals, is to loosen up with a \$10,000 donation for the purpose of carrying the Black Warrior fight direct to Washington, according to the Age-Herald, which this morning carried the following news story of the new offensive:

The Birmingham Chamber of Commerce directors will put on a full head of steam and make a terrific drive for the location of the nitrate plant at Lock 17 on the Warrior river. Funds were easily raised among the directorate at yesterday afternoon's meeting adequate to launch the campaign. Additional money will be raised as needed to the extent of \$10,000 if necessary.

The board of directors unanimously endorsed the Black Warrior as the permanent location of the plant; also for the experiment station, and immediately wired congressmen and senators from Alabama to urge them to lend their efforts to that end.

The Chamber of Commerce will immediately invite Tuscaloosa and all other towns located on the Black Warrior interested in the development of the river, and all local organizations, including the Rotary Club, Kiwanis Club, Real Estate Exchange, Community Club and Civic Association to appoint representatives to co-operate with the Chamber of Commerce and aid in the formulation of plans towards sending and maintaining representation in Washington in the interest of the Black Warrior project.

I. C. Beatty was named general chairman of the movement and will direct the work for the Chamber of Commerce.

STILL UP IN THE AIR.

Mystery still surrounds the alleged findings of the inter-departmental board, named by President Wilson to select the site for the \$20,000,000 nitrate plant. Just whether the board made the report claimed, or whether it intends to make such a report, is still a matter of conjecture. The statement of the Tuscaloosa Board of Trade to the effect that the report had been in its hands "for some time past," and press dispatches from Washington are not easily reconciled. Hugh W. Roberts, in a Washington special to the Age-Herald, today says:

Washington, July 13.—(Special.)—The inter-departmental board, in charge of the \$20,000,000 nitrate plant proposition, has recommended neither the Warrior nor any other river as a site for that proposed plant.

For that statement Secretary Lane is authority.

Senator Underwood tonight authorized the following:

"While I knew that in the disposition of the permanent proposition nothing had been accomplished, certain publicity in Birmingham precipitated such a flood of telegrams that I concluded to inquire of Secretary Lane for information."

"When I asked the secretary if the Warrior or any other river had been recommended for the governmental power project, he replied:

"Absolutely, no."

The misconception regarding the Warrior was based on an unsigned memorandum rendered the president on June 13. In the memorandum certain streams, judged from reports of local engineers to be available or (Continued on Page 5.)

DISORDERS IN SEVEN STATES PROBABLY DUE TO GERMAN INTRIGUE

Charge to This Effect Made By Arizona Governor in Message to Wilson

TWO MEN HAVE BEEN KILLED

Wholesale Deportation of Disturbers Has Centered Eyes of Nation on West

(International News Service.)

Washington, July 13.—The war department moved today in the situation that has developed in Arizona as the result of the deportation of I. W. W. workers. In response to request of the governor of Arizona, Secretary Baker wired instructions to General Parker, commander of the southern department to take whatever steps are necessary to protect life and property. Asked whether the censorship that has been clamped down in parts of Arizona meant that martial law had been declared, Secretary Baker said either the governor or General Parker could declare martial law, if they deemed it advisable.

SEVEN STATES DISTURBED BY THE "I WONT WORKS."

(International News Service.)

Phoenix, Ariz., July 13.—Deportation from Bisbee, Ariz., of 1,200 Industrial Workers of the World centers the eyes of the nation today on an agitation which has risen to considerable proportions in seven states of the west.

Two men have been killed in the disorder at Bisbee. O. T. McRae, a copper mine boss, was shot and killed by James Grew, an I. W. W. sympathizer, whom he sought to arrest. Grew was killed by a companion of McRae.

Officials in some of the seven states affected pronounce the movement one to reduce production of supplies necessary to the conduct of the war and charge Germany with responsibility. Governor Campbell charged in his message to the president that 6,000 I. W. W.'s are fomenting trouble with the object of embarrassing the national government.

SECRETARY HAYWOOD DENIES INFLUENCED BY GERMANY.

(International News Service.)

Chicago, July 13.—W. D. Haywood, secretary and treasurer of the Industrial Workers of the World, denied today that German money or influence is behind the copper mine strike.

DEPORTED TROUBLE MAKERS SIDETRACKED IN DESERT.

(International News Service.)

Bisbee, Ariz., July 13.—The 1,200 copper strike agitators deported from Bisbee were refused admission at Columbus, N. M., and started back for Douglas, Ariz., when the guards in charge of the train received word that Douglas citizens were arming themselves to keep them out.

The train was then sidetracked at Hermanas, an isolated station, the engine detached and the cars dumped there.

EL PASO PROMISES WARM WELCOME TO DISTURBERS.

(International News Service.)

El Paso, July 13.—Police Chief Zabriske this afternoon received word that the 1,200 I. W. W.'s deported from Bisbee, and refused admission at Columbus, had left Hermanas and were marching towards this city.

Zabriske armed several hundred citizens to handle them, and announced that they would be ordered to leave after a few hours' rest.

Washington, July 13.—The war department today granted applicants for the second officers' training camps until midnight Monday to get their applications in.

ALABAMA'S DRAFT QUOTA IS 13,612; FIGURES OFFICIAL

(International News Service.)

Washington, July 13.—The war department today announced the draft quotas for the new national army. The total for the first draft is 687,000. Alabama's quota is 13,612; Mississippi, 10,501; Georgia, 10,337.

(International News Service.)

Washington, July 13.—Quotas of the men to be furnished by each state for the national army have been determined.

Provost Marshal General Crowder has estimated the number of men that each state will have to furnish, based on registration with allowances for the number of men enlisted in the national guard and regular army.

Notification of the quotas were mailed to the governors of each state today. General Crowder today is going carefully over every step of the draft procedure, looking for possible loopholes through which one might take an unfair advantage. Each American will know when drawn that he has been fairly drawn.

President Wilson's regulations were drawn with a view that there might not be the slightest possibility of any unfairness. For this reason he is withholding details of the drawing. Reports received today upon the organization of local boards indicated that the drafting may start earlier than next Wednesday, possibly Monday.

IT'S TIME FOR ANOTHER "WORD OF EXPLANATION."

An article appearing on the first page of the Tuscaloosa News, one of Alabama's brightest smaller dailies, is captioned "A Word of Explanation." It was published, obviously, as an apology to its readers by "The News," which must have been "scooped" by the unexpected publication in the Birmingham press of what purported to be the findings of the inter-departmental board named by President Wilson to investigate the claims of some 270 sites for the location of the \$20,000,000 government nitrate plant, also as a tribute to the reticence of Editor Doty.

But in one respect the "word of explanation" was not as explicit as it might have been. It failed to explain whether by pull, by hocus pocus, by legerdemain or by what other process the nitrate committee of the Tuscaloosa Board of Trade came into possession of the text of the report of the inter-departmental board "some time past." That this report was known to the Tuscaloosa Board of Trade is proven by the admission of Frank G. Blair, chairman of the nitrate committee, who said in the signed article:

"The text of the report has been in the hands of the nitrate committee of the Tuscaloosa Board of Trade for some time past, but it was conveyed to them in strict confidence, and with the understanding that no part of it was released for publication until the report itself was in the hands of the president."

This "word of explanation" calls for another explanation. How did this report reach the hands of the nitrate committee of the Tuscaloosa Board of Trade? When was the report of the inter-departmental board compiled, and if "some time past," why was it held up? It is a foregone conclusion that the three members of President Wilson's cabinet who composed the inter-departmental board, and who guarded their every utterance while in the South as to the probable choice of a site for the nitrate plant with utmost jealousy, did not tip the Tuscaloosa Board of Trade off as to what was going to happen. It can be taken for granted that information that would be of vast value to real estate dealers was not handed out freely to a nitrate committee of a commercial organization and withheld from similar committees of other commercial bodies. Who, then, furnished the "text of the report that has been in the hands of the Tuscaloosa Board of Trade for some time past?"

Explanations are in order. The public has a right to know if there has been a "leak" of information, and if so, who is responsible for it.

BIRMINGHAM'S NEWLY ACQUIRED ENERGY.

Birmingham has at last become actively interested in the location of the \$20,000,000 nitrate plant in Alabama. According to the Magic City newspapers, that metropolis has awakened from its long snooze and is going out after the big industry hammer and tongs. Various organizations are credited with planning to raise a \$10,000 fund with which to aid the Black Warrior site in its fight for the plum. Telegrams are already

being sent hot over the wires to the Alabama delegation at Washington.

This new burst of enterprise is in marked contrast to the action taken by Birmingham when the Muscle Shoals campaign was at crisis, long before even the dreamers had piped the idea that a plant requiring tremendous water power for its successful operation might be located on a stream of such utter insignificance that even daring boys pass it by in the summer season when in quest of good wading. It can be easily recalled, for it is not a matter of ancient history, that Birmingham was most loath to contribute at all to the Muscle Shoals fund, although the Tennessee river is Alabama's most valuable stream, and Birmingham business men grow rich off the trade that they receive from this section. The meagre contribution of \$3,000 finally made under pressure, was more of a tribute to the personal influence in Birmingham of Col. A. M. Shook of Nashville, than it was representative of Birmingham's genuine interest in the North Alabama site.

Unfortunately Birmingham does not seem able to get away from the idea that nothing in Alabama outside of the Birmingham district is worthy of its support. North Alabama would do well to write this fact down in its diary with red ink, before it goes shopping again.

Death Came Today to Edward L. Orr

PROMINENT CITIZEN PASSED AWAY AS RESULT OF STROKE PARALYSIS.

Edward L. Orr died at his home on Fourth avenue, south, this morning at 3:50 o'clock as the result of a stroke of paralysis early Wednesday morning. Arrangements for the funeral which will be held tomorrow afternoon. Interment will follow at the City cemetery.

Mr. Orr is survived by his wife and one child, two brothers and three sisters. His son, Guy, will arrive this afternoon from Dallas, Texas. His brothers are L. S. Orr, of Cornersville, Tenn., and J. C. Orr of Lynville, Tenn. His sisters are Mrs. L. M. and Mrs. A. M. Pickens, both of Lynville, Tenn.

Mr. Orr was very widely known in Albany and Morgan county and had many friends. He was an active church worker and a leading member of the Masonic Lodge and the Knights of Pythias.

Indian Secretary Tenders Resignation

London, July 13.—J. Austen Chamberlain, secretary for India, has resigned.

Mr. Chamberlain was one of the group of civil and military officials on which fell the most scathing criticism from an official British source of military operations which has been made since the war began, contained in the report of the commission which investigated the ill-fated Mesopotamia expedition.

The report found that the expedition was undertaken with insufficient forces and inadequate preparation, and that the failure of the first campaign, with the loss of the British force at Kut-el-Amara, was due to miscalculations and lack of foresight which reflected discredit on all concerned. The India office in London was responsible for the policy pursued, although the report attached less blame to Mr. Chamberlain's part in the enterprise than to that of the others concerned. It was announced yesterday that all the officers involved had ceased to exercise any function in connection with the government, and that a judicial inquiry into their conduct would be made.

Valuable Draft Information

The following information, of value to men subject to draft for service in the army, is from the official bulletin issued by Provost Marshal General Crowder:

PHYSICAL EXAMINATION.

You must report for physical examination on the day named in your call.

(a) If you are found physically disqualified the board will give you a certificate which will explain to you what your further duties are.

(b) If you are found physically qualified and file a claim for exemption within seven days after your call you will be given ten days after filing your claim of exemption to file proof in support of your claim of exemption.

(c) If you are found physically qualified and file no claim for exemption, or if you do not appear for physical examination, your name will be posted to the district board as one who was called for military service and was not exempted or discharged.

On the eighth day after call, or within two days thereafter, copies of the list of persons so posted to the district boards will be given to the press with a request for publication, will be posted in a place at the office of the local board accessible to the public view, and notice will be mailed to you at the address on your registration card.

Therefore watch the notices posted in the office of the board about 10 days after the day you were called and make arrangements for the prompt receipt of mail.

Seven Days to File Claims of Exemption or Discharge.

(a) No claim of discharge on account of the industry in which you are engaged can be decided by a local board.

(b) Whether you file a claim of exemption or not, you must present yourself for physical examination on the day named in the notice.

From the day notice that you are called is mailed and posted you have seven days in which you may file a claim of exemption or discharge. The form for filing this claim is simple. If you wish to file such a claim—

(a) Go to the board and get Form 110 for exemption or Form 121 for discharge. If the board has not the printed forms, ask to consult the form pamphlet and copy the form shown there.

(b) Fill out the proper form and file it with the board.

(c) Do this within seven days of the posting and mailing of notice to you to present yourself.

The following are the only grounds for exemption:

1. That you are an officer, legislative, executive, or judicial of the United States, a state or territory or the District of Columbia.
2. That you are a regular or duly ordained minister of religion.
3. That you were on May 18, 1917, a student preparing for the ministry in any recognized theological or divinity school.
4. That you are in the military or naval service of the United States.
5. That you are a subject of Germany, whether you have taken out papers or not.
6. That you are a resident alien who has not taken out first papers.

In addition to claims for exemption claims for discharge may be made on any of the following grounds, which are the only grounds for discharge by a local board.

1. That you are a county or municipal officer.
2. That you are a custom house clerk.
3. That you are employed by the United States in the transmission of mails.
4. That you are an artificer or workman employed in an armory, arsenal, or navy yard of the United States.
5. That you are employed in the service of the United States (under certain conditions.)
6. That you are a licensed pilot regularly employed in the pursuit of your vocation.
7. That you are a mariner actually employed in the sea service of any citizen or merchant within the United States.
8. That you are a married man with wife and child dependent on you for support.
9. That you have a widowed mother dependent upon your labor for support.
10. That you are the father of a motherless child under 16 dependent upon your labor for support.
11. That you are a brother of an orphan child or children under 16 dependent on your labor for support.
12. That you are a member of any well-recognized religious sect or organization organized and existent May 18, 1917, and whose then existing creed or principles forbade its members to participate in war in any form and whose religious convictions are against war or participation therein in accordance with the creed or principles of said religious organization.

These are the only grounds for exemption or discharge by a local board.

Another person can file a claim in your behalf, but must use different forms in filing the claim.

Ten Days After Filing Claim to File Proof.

Your claim of exemption or discharge must be filed within seven days of the day on which notice to you that you are called was posted and mailed. But after you have filed your claim for exemption or discharge you have ten days within which to file proof.

The method of proving claims is very simple but it is rather exact. If you follow the rules given below you will have done what is required of you.

First. Go to the local board and consult the regulations to find out the form number of the affidavits that you must submit for your particular claim.

Second. Ask the board for the blank affidavits that are necessary in presenting your proof; if the board has not the forms, ask to consult the pamphlet of forms.

Third. Have the affidavits properly accomplished and return them to the board within the time limit assigned you—ten days from the filing of your claim.

Remember—

(a) You must submit your proof in the prescribed form and the board has no authority to exempt or discharge you unless you submit all the affidavits required by regulations.

(b) There will be no argument before the board and no proof other than the prescribed affidavits unless the board calls for other proof which it will do in only a limited number of cases.

When Claims Are Decided.

Every claim for discharge or exemption will be decided by the local board within three days after your affidavits have been filed.

Quincy Love to Open New Hotel at Athens

Quincy B. Love was here from Huntsville Monday and went before the board of mayor and aldermen to seek a reduced rate on water and lights, should he decide to build a new hotel in Athens. It is understood he intends to erect a 44-room hotel on the site between the Tennessee-Alabama Grocery Company's store house and R. W. Martin's hardware store, in conjunction with C. E. Frost and J. W. Frost, owners of the property. Mr. Love intends to have the hotel finished and ready for business in 90 days. The building is to cost \$40,000, it is said. Mr. Love has been manager of the Twickenham hotel at Huntsville. It seems an assured fact now that Athens will have a new and modern hotel. Limestone Democrat.

"IT PULLED ME OUT OF TROUBLE", SAYS FARMER BRANTLEY

THOUGHT HE WAS ALL IN BUT
TANLAC BROUGHT BACK
HEALTH.

"I don't believe I would have ever gotten well again if it hadn't been for Tanlac," declared W. F. Brantley, a well known farmer on R. F. D. out of Mayfield, Hancock county, Georgia. "It pulled me out of trouble alright and I weigh thirty pounds more than I did before I started taking it."

"Stomach trouble and nervousness pulled me down so I was so weak in the back and knees I could hardly get about. Lots of times I was so run down I couldn't get out of bed without my wife helping me up. I couldn't eat a thing that didn't sour on my stomach and give me no end of misery. I got so I didn't want to eat a bite and had no strength to go on at all, and kept losing weight all the time."

"A friend told me about Tanlac and I got a bottle and began on it. I hadn't finished the first bottle before I began to pick up and I've been on the mend ever since. Soon I got so I could hardly wait for breakfast I was so hungry. My pains have all gone and I am feeling better than I have in many a day. The fact is Tanlac has done wonders for me."

Tanlac is sold in Albany exclusively by Pfeiffer-Dillshay Drug Co.; in Decatur by Decatur Drug Co.; in Trinity by O. E. Young Drug Co.; in Flint by C. E. Poole & Co.; in Priceville by J. E. Matthews; in Somerville by W. T. Ransom; and in Danville by B. S. Stover. (Adv.)

SOCIETY

Margaret Clayton Shelton, Phone 562, Albany

ALL-DAY BRIDGE PARTY.

An all-day bridge party was given Thursday by Mrs. Frank Lide for Mrs. Frank Ragan King and Miss Alexander. Three rooms were opened for the entertainment of guests and were decorated with sweet peas, sun flowers and nasturtiums. Five tables were arranged for the morning. Participants were Misses Kathleen Almon, Helen Wallace, Lynda Williamson, Margaret Curry, Mamie Alexander, Jane Morrow, Marjorie Miller, Pansy Russell, Lillian Alexander, Carolee Spence, Mabel Parker, Margaret Nelson, Margaret Penick, Beale Speake, Brooxie Gibson, Marie Kimbrough, Madge Bullard, Mesdames Fred Knight, J. W. Jones, Henry A. Skeggs, Frank King.

The prize for top score was a pair of manicure scissors, presented to Miss Mamie Alexander, for next score a pair of carboys, to Miss Pansy Russell; to Miss Margaret Curry, the consolation. The morning hours closed with the service of ices.

Those playing in the afternoon at five tables were Mesdames Dyke Echols, Hugh Greer, H. T. Gill, A. A. Hardage, Fred Hunt, W. J. Cunningham, C. B. Elliott, Chas. Eyster, P. H. King, J. W. Troy, Earl Calvin, W. R. Smith, J. H. Donnell, E. W. Godbey, R. G. Cortner, R. E. Pearson, Julian Bibb, T. H. Alexander, J. W. Jones; Misses Mary Grace Sanders, Lillian Alexander. For top score Mrs. J. H. Donnell was presented a crape de chine camisole, and the honorees, beautiful souvenirs. Afterwards dainty ices were served.

CONFEDERATE WOMEN DONATE AMBULANCES.

New York, July 13.—The New York chapter of the Daughters of the Confederacy today presented the New York county chapter of the American Red Cross with two fully equipped ambulances, one in memory of Jefferson Davis, Gen. Robert E. Lee, and Admiral Raphael Semmes, and the other in memory of Gen. Joseph Wheeler.

"We are a united people today with hearts true to our country and our flag," said the letter accompanying the gift. "We pray that these ambulances will go to France to bring comfort to the wounded and suffering in this terrible war, and that they may save the lives of some of our own American soldiers."—Louisville Courier-Journal.

MEETING OF THE ALBANY RED CROSS CHAPTER.

The first good news announced at the meeting of the Albany Red Cross chapter on Thursday was that everything was in readiness at the Red Cross headquarters on Grant street for work and a request for the members and all interested to come Monday morning at 9 o'clock to work. The following articles have been donated:

Four machines, by Dr. Thompson, Mrs. L. Bullard, Mrs. Kimball Jones and Hardage Bros.

Tables—Mrs. R. E. Sanders, M. P. B. C.

Chick—J. W. Thornton.

Scissors—C. L. Odum.

Electric iron—Alabama Power Co.

Lumber for shelves—E. C. Payne.

Boxes for lockers—Spence & Moebe.

Carpentry—H. C. Childs, A. C. McCord.

Folding ironing board—Cook Furniture Co.

The chapter gave a vote of thanks to the donors.

Report of vice chairman.

Mrs. O. C. Hollingsworth, with her sister, Mrs. R. L. Terrell, has returned from Birmingham, where they accompanied their sister, Mrs. Sam Smith, of Moulton, to St. Vincent hospital, where she underwent a successful operation. Mrs. Terrell continued on to Fayetteville, Tenn., her home.

Misses Beanie Boteler, Evelyn Decker, Jantana Nelson and Josephine Rogers, very attractive young ladies connected with the central office at Albany, were visitors to Athens Sunday. Miss Decker is chief operator and is the accomplished daughter of Mrs. Carrie Decker, who once lived in Pulaski. Limestone Democrat.

Miss Fannie Brown and Eugene Collier are in Clarkdale, Miss., attending the wedding of their brother, B. T. Collier.

Mrs. Jack Talferro is improving after a serious illness.

Dr. and Mrs. W. L. Darby will leave tomorrow morning for Huntsville and neighboring points, and then go to O'Brien, near Tullahoma, Tenn., for a ten days' stay.

MR. AND MRS. FELIX ROBERTSON. ROCK HOSTS.

Last evening at their pleasant home Mr. and Mrs. Felix Robertson entertained 4 tables at rock. Playing were Mr. and Mrs. Z. Trimble, Mr. and Mrs. Geo. Williamson, Mr. and Mrs. Hal Mullen, Mr. and Mrs. E. R. Wolf, Mr. and Mrs. T. A. Caddell, Mr. and Mrs. Ben Martin. At the close of the game dainty ices were served.

LOCKLEAR-CLEMMONS.

A marriage of interest to a circle of loving friends was that of Miss Victoria Locklear, daughter of Rev. and Mrs. Locklear of Gadsden, to Mr. Corbin Clemmons, that occurred last evening at the residence of Rev. R. F. Stuckey, who officiated. They were accompanied to the pastorale by quite a number of friends.

The following ladies motored to Moulton Thursday to attend the quarterly meeting of the W. M. U. of the Muscle Shoals Baptist Association: Mesdames R. H. Allison, Mother Simpson, W. T. Lowe, D. F. Green, W. R. Simpson, W. A. Curry, Mrs. and Mrs. Burr, Mrs. Shoemaker, Jack Fields, W. P. Robinson, Eugene Spear, Misses Burleson, Masterson and Dutton. Miss Laura Lee Patrick, local secretary, made several very interesting addresses. Dinner on the ground was a feature. Mesdames Spear and Robertson desire to express thanks for generous donations received at Moulton for building the East Albany church.

Mrs. J. M. Collier is now at Walnut Grove, Ala.

Miss Beatrice Thomas, of Hartselle, is visiting Miss Glenn Garrison.

T. J. Newsom is Granted Furlough

T. J. Newsom, former justice of the peace at Decatur, and who was sent to the penitentiary for the murder of C. E. Hatchett, is out on a few days' parole from the prison that he may attend the funeral of one of his relatives at Tullahoma, Tenn., his native home. He is serving a 10-year sentence at Wetumpka, where he is a prison warden.

Railroad Embargo Placed in Effect

(International News Service). Washington, July 13.—Railroad embargoes on all commodities placed on the export embargo list by President Wilson were ordered today. The new commission on car service telegraphed all railroads they may not in future move commodities intended for export except on receipt of bills of lading with the federal warehouse numbers from the export council.

A. Z. Bailey Back From South Ala.

Inspected Velvet Bean Mills There.
Bays Lots of Tin Cans.

The great desire of A. Z. Bailey is to see lots of fruit, vegetables and foodstuff preserved this year. He has just returned from South Alabama, where he inspected many velvet bean mills, so that he may give Morgan county the greatest service with the mill which he has purchased and will install as soon as it arrives.

Besides helping the farmers to preserve their velvet beans, Mr. Bailey has purchased two car loads of tin cans which he is distributing all over North Alabama. He said he had heard the cry of scarcity of cans, so he went right to work to get a supply so that everybody should have no excuse for canning as much fruit, berries and vegetables as possible.

While visiting over the south, Mr. Bailey observed that very little cotton was planted. Many negroes have left that section, so the white men have gone to work, not to raise cotton, but foodstuff. According to Mr. Bailey, Pike county has raised as high as 15,000 bales of cotton, but it will not make over 2,000 bales this year, as little acreage was planted.

While in Troy one man proudly remarked to Mr. Bailey that he had made a discovery that enabled him to do without meat. Instead of putting a piece of meat in his pot of beans the man put in a handful of peanuts, which furnished fully as much seasoning.
